(please confirm by phone that Frank received your e-mail, or come and see him!)

New Ave. 58 Gold Line AMTRAC Station

Famous landmark Frank's Camera Store building in Highland Park is right next to the new Ave. 58 Gold Line AMTRAC Station which is just being completed, freeway close to Downtown Los Angeles and the San Fernando Valley. Plenty Of FREE PARKING !

This is the former S.S.Kresge building, built in 1928, precursor of the K-Mart Department Stores, with approx. 7,500 ft.² of space on each of 3 levels (basement, ground floor, and upper floor) on a lot 7492 ft.², with a freight elevator and loading dock in the rear. Ground and upper floors have beautiful high ceilings!

The building is earthquake-code retrofitted, and has a six-month old new roof and Air-Conditioning-Heating. Frank, the owner, who wants to have more time to devote to his movie-ranch, says this building is a "gold-mine", either as a camera or other retail store, or as a night-club (especially the basement) and/or game arcade, or as a showroom-warehouse, import-export, offices and apartments. The new Amtrac line means easy access to Pasadena and all the way to Long Beach! APN # 5492-001-015.

Great potential! Call Frank at 323 255 0123 - hurry - before he changes his mind!
